OUR ENERGY POLICY

As Öztiryakiler, we undertake;

We commit

- To comply with the principles of the Energy Management System, to continuously improve the effectiveness of the system in accordance with the capacity of our organization and to announce it to all employees;
- To raise awareness of our employees to use energy efficiently in all areas of their lives;
- To provide a plan for the establishment and review of energy goals and objectives, and to provide information, accessibility to this information, necessary resources, and support for the realization of these goals and objectives;
- To fulfill the requirements of all energy-related laws, regulations, and other conditions by keeping track of them;
- To reduce energy consumption, to make improvements for continuous development in energy efficiency;
- To use appropriate resources and technologies to keep energy under control; To prioritize energy efficiency in the purchase of products/services and all design activities in order to improve energy performance;
- To use natural resources efficiently and to make them sustainable by increasing recycling.

Chairman of the Board of Director
Yusuf Kenan ÖZTİRYAKİ
